

NATIONAL LAW
UNIVERSITY JODHPUR

INDIAN INSTITUTE OF
SUSTAINABLE DEVELOPMENT, NEW DELHI

EXECUTIVE MBA IN BUSINESS & SUSTAINABILITY

Blended Mode

(Two-year degree programme by NLU Jodhpur & IISD, New Delhi)

“Lead profitable enterprises, shape sustainable futures”

National Law University Jodhpur is a premier public law school in Jodhpur, Rajasthan, established in 1999 and known for its strong legal education and research environment. It offers a range of programs, including integrated B.A./B.B.A. LL.B. (Hons.), LL.M. in Corporate Laws, IPR Laws, International Trade Laws, Law & Technology, and Public Laws, MBA (Insurance), and PhD programme, with admissions to many programs based on CLAT scores. The university has a large residential campus with modern infrastructure like moot court halls, digital classrooms, and a well-stocked library, promoting both academic and extracurricular growth. NLU Jodhpur is regularly ranked among India's top law universities and has a solid placement record with graduates recruited by reputed law firms and corporates. It also hosts national events and conferences, attracting legal scholars and leaders from across the country.

The Indian Institute of Sustainable Development is a national non-profit public policy think tank and scientific research institute based in New Delhi, India focused on promoting sustainability across social, environmental, and economic dimensions. It works on research, innovation, and community engagement aimed at improving quality of life and guiding India toward an inclusive and equitable sustainable path involving people, planet, and business. IISD collaborates with governments, international organizations, academia, and industry to inform policy, conduct field research, and support grassroots initiatives for ecological balance and social justice. The institute also convenes events like the Global Sustainability Summit to bring together thought leaders, policymakers, and practitioners to debate and advance sustainability solutions. Its activities span climate action, resource conservation, and sustainable development advocacy at local to global levels.

ABOUT EXECUTIVE MBA

The Executive MBA in Business & Sustainability is a two-year post-graduation degree program with blended learning, self-paced assessment, and on-campus sessions with weekend classes. The programme is designed for working professionals who aim to integrate sustainability principles into strategic business decision-making.

The program focuses on integrating Environmental, Social, and Governance (ESG) frameworks into corporate operations, helping leaders build ethical, responsible, and future-oriented business models.

It covers key areas, including sustainable finance, circular economy practices, green supply chain management, renewable energy strategies, and ESG reporting.

WHY EXECUTIVE MBA?

- Accelerate Your Career - Build advanced leadership, strategy, and decision-making capabilities to move into senior management and executive roles.
- Study Without a Career Break - A flexible format designed for working professionals allows you to learn while you continue to work.
- Industry-Driven Curriculum - Learn through real-world case studies, live projects, and practical simulations with immediate workplace relevance.
- Elite Peer Network - Engage with experienced professionals from diverse sectors and become part of a powerful lifelong leadership community.
- Boost Long-Term Earning Potential: Position yourself for faster promotions, career transitions, and enhanced compensation.
- Develop a Future-Ready Edge - Gain expertise in sustainability, digital transformation, governance, and global business strategy.
